REMEMBERING BLOODY SUNDAY

A microcosm of the War of Independence; the events of Bloody Sunday on 21st November 1920 marked a decisive turning-point in Irish history.

In Croke Park, the Dublin and Tipperary football teams lined out for a great challenge match. Spectators filled the grounds, completely unaware that the RIC were mobilising, intent on carrying out an act of deadly retribution for the earlier assassinations of British intelligence agents by Michael Collins' Squad.

10 minutes into the game, shots rang out. The firing lasted for 90 seconds, killing 14 civilians and injuring 60 more.

Later that evening, the killing of two high-ranking Dublin IRA officers, Dick McKee and Peadar Clancy, in Dublin Castle brought the tragic day to an end.

We hope our calendar contains something of interest for everyone. Our team has worked exceptionally hard developing this programme, ensuring that each element honours the victims and safeguards their memory for generations to come.

Amongst all of the immersive and enlightening experiences we have put together, our overall focus mustn't be forgotten – to remember the victims and to remind people who they were. This is their story and our aim is to tell it in a respectful and thought-provoking way.

WEEKLY FROM AUGUST

In honour of the 100th anniversary of Bloody Sunday, the GAA Museum remembers the tragedy of the day with special commemorative guided tours of Croke Park. Our knowledgeable Tour Guides will immerse you in the events of the day and discuss the impact Bloody Sunday had on both the GAA and Ireland itself.

OPENING SEPTEMBER 2020

The focal point of our heartfelt anniversary programme is of course our new Remembering Bloody Sunday exhibition. REMEMBER & CREATE TOGETHER

FIGHTING WORDS LOCAL COMMUNITY PROJECT

The local community around Croke Park are an integral part of our programme of events. To create a legacy together, the GAA Museum and Croke Park Community Team have teamed up with 'Fighting Words' on a project that will engage with local residents to create a lasting piece of work to commemorate this very important year.

Fighting Words will run a series of workshops for local older residents. This will involve having conversations to uncover a more personal history of the area and its people. They'll chat about general history, as well as stories and accounts of Bloody Sunday which may have been passed down over time.

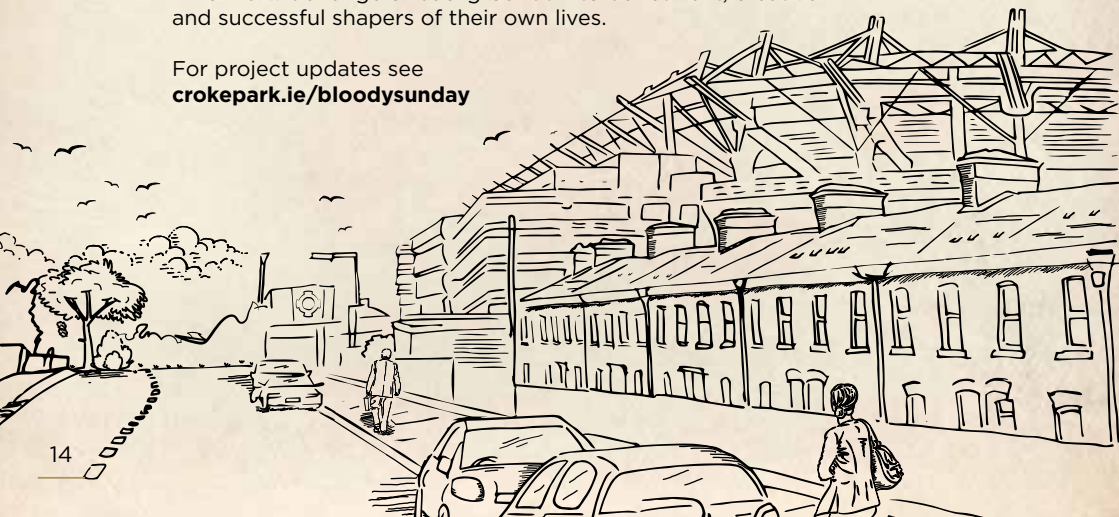

The goal is to capture these conversations and create a book co-written by the participants.

The project will also give children from a local primary school the chance to interview and chat with the residents. They can then create their own stories based on these conversations.

About Fighting Words:

Located beside Croke Park on Behan Square, the aim of Fighting Words is to help children, young people and adults to discover and harness the power of their own imaginations and creative writing skills. At its core, Fighting Words is about using the creative practice of writing and storytelling to strengthen our children and teenagers - from a wide range of backgrounds - to be resilient, creative and successful shapers of their own lives.
